

Common Human Resource Information Standards

Member Reserve Service Health Professions Stipend Amount

Member Reserve Service Health Professions Stipend Amount is a financial assistance incentive paid to a DoD Military Service member engaged in training that leads to a degree in medicine or dentistry, training in a health professions specialty critically needed in wartime, or engaged in health care education and training in return for the member's commitment to subsequent service in the Ready Reserve.

Permitted Values

NA

Structural Business Rules

A dollar amount must have at least one numeric character followed by a decimal point and two numeric characters, or when the amount is less than one, a decimal point followed by two numeric characters.
