

Common Human Resource Information Standards

Officer Internship Type

Officer Internship Type is the classification of the initial stage of graduate training after receiving a professional degree.

Permitted Values

- Dentistry
- Medical
- Optometry
- Osteopathy
- Pharmacy
- Psychology
- Veterinarian

Structural Business Rules

A DoD Military Service member may have one or many of the same Officer Internship Type based on different specialties at the same time.

A DoD Military Service member may have one or many Officer Internship Types at the same time.

A DoD Military Service member will accrue creditable service when he/she does not complete an Officer Graduate Training Type due to a military operational requirement.

A residency may follow an internship or the internship may be considered the first year of the residency (i.e., initial residency training).
